January, 2008

Dear Taunton Sports Organizations:

Enclosed you will find the procedures for applying for Seasonal Field Permits. We will be working with the Taunton School Department to issue all seasonal field permits for Martin and Friedman Baseball Fields.

As many of you are aware, due to the Pole School construction on Williams and Harris Streets as well as the High School renovations, Taunton High School will not be available for permits this year.

Organizations or individual teams from outside of the City of Taunton that do not have a majority of Taunton residents on their rosters will not be considered for field space.

Please review the **"Field Reservation Policy"** sheet that is included in this packet. It contains the same information as last year, which includes the registration, team forms and the **Rate Schedule** that will be used for all organizations requesting a City of Taunton field. Please fill these forms out and return by the dates provided on the forms. Any request received after these dates, or if the information provided is incomplete, will be reviewed at a later time if space allows. No exceptions will be made.

I am requesting that each Taunton sports organization submit a copy of the actual team and coach roster as well as actual game schedules. We will no longer provide "blanket permits" to any organization.

You are requested to review all the information that is included in this packet. If you are not the person who will schedule the fields for your league, please forward this information to the correct individual or let the office know. I am also requesting an E-mail address so that I will be able to communicate with the organization throughout the season if there is a need.

If you have any questions or concerns, feel free to contact Renee Menard, Program Supervisor or me, and we will be happy to assist you with the completion of these forms.

Sincerely,

Marilyn A. Greene, Commissioner
