

SEWERS AND WATER SUPPLY

416 SANITARY SEWERS

Sanitary sewers shall be installed, flushed, and tested in accordance with the requirements of the sewer supervisor, and to the satisfaction of the City Engineer. Connections to all lots shall be installed on the exterior right of way line as shown on the Definitive Plan.

418 WAIVER OF SEWER AND/OR WATER REQUIREMENTS

1) Where in the opinion of the Board municipal sewer lines are not accessible, and will not become available within two (2) years, the Board may waive the requirement of the construction of sewers, and may require instead other means of sewerage disposal acceptable to the Board of Health.

2) Where in the opinion of the Board municipal water lines are not accessible, and will not become accessible within two (2) years, the Board may waive the requirement of construction of water lines and may require instead other means of water supply acceptable to the Water Department.
